

Apple Cheddar And Bacon Quesadillas

Ingredients:

- 2 flour tortillas (can substitute whole wheat, if you prefer)
- 1 cup cheddar cheese, grated
- 1/2 apple, thinly sliced
- 2 strips of bacon, chopped, cooked + drained

Directions:

1. heat a large saute pan over medium heat. spray lightly with non-stick spray.
2. create your tortilla - start with 1 flour tortilla, then the cheddar cheese, apple slices, + bacon. top with salt + pepper to taste.
3. add one more tortilla on top, + heat for 3-4 minutes a side, flipping once, either tortillas are golden brown + cheese has completely melted. move to a cutting board, allow to cool for a minute, then cut into triangles + enjoy!
